BESPOKE WALLPAPER

## BESPOKE WALLPAPER

LALA CURIO brings whimsicality, breathing life into your walls. Our unique collection of dreamy panoramic sceneries evokes a presence of ancient intricate artisanship for the contemporary living.

Our hand-painted wallpaper is depicted and embroidered by the hands of our skilled artisans. Our printed wallpaper is rendered in the highest definition, adding three-dimensionality with dazzling embellishments from fashion onto your walls. Delicate materials are used to set the palette, from gold-leaf paper to hand-dyed Chinese and Thai silks. With the turn of a robin's beak and the glint of a gold key... the walls begin to whisper.

Our archive of unique artwork range from Chinoiserie sceneries, flora and fauna and playful timeless illustrations. Our in-house artists create bespoke artwork specific to your project needs upon request.

LALA CURIO bespoke wallpaper revives ancient artisanship for today.
